

CUSTOMIZATION - THE GLOW DIFFERENCE

“A world of possibilities in Crystal Lighting”

At GLOW Lighting, we are guided by these words and committed to bringing a world of possibilities to you.

Our catalog collections feature a wide array of options to complete a fixture in your choice of:

- Crystal Trim Options - including shells & shell-crystal mixes
- Trimming Configurations
- Crystal Colors
- Metal Finishes
- Shade Colors

Start with...

Midnight Pearl 582SC6L

- 24" W x 22" H, 6 GU10 x 50 watts
- Silver Pearl (SP) Metal Finish
- SWAROVSKI ELEMENTS (9)
- Golden Teak (GT) Crystal Color

But the GLOW difference goes beyond standard options. What really sets us apart is our ability to customize a fixture for you, by starting with one of our many designs and using the frame as a canvas to allow your creativity to shine.

Our in-house production team trims each fixture to order, and has the flexibility to adapt your inspiration by customizing the sizes of your crystal trims, and by personalizing your choices of trimmings - including shells, shell-crystal mixes and color blends - to suit most requests.

We would be pleased to provide a quotation for your customized design.

... and finish with this

- 45" W x 80" H,
12 GU10 x 50 watts,
- Silver Pearl (SP) Metal Finish
- SWAROVSKI ELEMENTS (9)
- Golden Teak (GT) Crystal Color
- Taupe (T) Sheer Shade

We invite you to create lighting that is uniquely yours.
